## BSU Launches New Alumni Site: Post Experienced Professional Positions

The Alumni Relations Office here at Bridgewater State University has been busy at work with visits across the country to our alumni populations in RI, FL, CA and NY. This all culminating in the launch of their new and improved Alumni Relations site at: [www.alumni.bridgew.edu](http://www.alumni.bridgew.edu). This site not only helps connect the institution to our alumni population but also provides services to them.

Career Services partners with Alumni Relations to collaborate on projects and programs and is excited to be able to highlight job opportunities off of their site. Currently all recently posted job opportunities will be made viewable and available to our alumni population off of the Career Opportunities page.

Employer partners: Please remember when posting your entry-level positions to also include your experienced professional positions. As we grow this number of opportunities, we will begin to target the position types based on the alumni traffic to this site. We hope you will log-in to CareerLink@BSU today and add your listings!

## JOB SHADOW PROGRAM DURING WINTER BREAK

The Job Shadow Program During Winter Break is an opportunity for students to network with professionals within their field of interest. Students spend a day in January "on the job" shadowing a professional within your organization to learn what it means to work in your field.

Employers get the opportunity to promote their organization and opportunities, as well as establish an increased presence with our institution. Contact us to find out how to participate!

**Employers interested in participating in any of these programs should contact Laurent Troland, Assistant Director, Employer Services, at 508-531-1328.**
